

More Beautiful

Lyrics: Sharon Vaughn, Music: Niklas Rosström & Douglas Carr

She walks in the room and I see
every head turn
What's she got that I don't where
can I learn to be someone
Someone that the other girls would
kill to be like
Looking like a match the boys all
want to strike
Yeah, she's the one

How can I make myself more
beautiful
Loveable Desirable oh-oh
I'm gonna make myself more
Need-able, Beautiful, oh-oh-oh-oh

Shake it off now baby what's it
gonna get you
This'll drive you crazy not gonna let
you talk this way
You've got all the nerves and
maybe even talent
Take it to the limit isn't that what
they want anyway

How can I make myself more
beautiful
Loveable Desirable oh-oh
I'm gonna make myself more
Need-able, Beautiful, oh-oh-oh-oh

I'll make up for the fact that I'm not
naturally a beauty queen
I'll put on such an act that they will
all believe that I'm their dream
Ooh...

Standing in the lights
I'm know I'm gonna shine
Standing in the lights
They're gonna realize
I'm beautiful

How can I make myself more
beautiful
Loveable Desirable oh-oh
I'm gonna make myself more
Need-able, Beautiful, oh-oh-oh-oh

How can I make myself more
beautiful
Loveable Desirable oh-oh
I'm gonna make myself more
Need-able, Beautiful, oh-oh-oh-oh

I'm beautiful
