

I don't believe in Fairy Tales

Lyrics: Paul Oxley Music: Niklas Rosström & Paul Oxley

You tell me that you want the same
things that I do
Don't know if I believe you
I've heard it all before. Mama read
the book then she closed the
bedroom door.

Unicorns and dragons.
Stars that fall from heaven
Princes who's promises come true.

I don't believe in fairy tales
I don't believe in happy ever after.
I will love you till I die, but I can't lie
to you baby.
I don't believe in fairy tales.

You say if I was ever down, that
you would come around
and chase away the darkness
You would dry up all my tears, save
me from my fears
and rescue me from sadness.

Unicorns and dragons, stars that
fall from heaven
Promises I had from you.*

I don't believe in fairy tales
I don't believe in happy ever after.
and I will love you till I die, but I
can't lie to you baby.
I don't believe in fairy tales.

You paint castles in the sky. I've
seen them falling down.
And when you tell me you can give
me everything I need,
I just smile....

You tell me that you want me to
believe in you.
You know that I would like to.

But I I don't believe in fairy tales
I don't believe in happy ever after.
I will love you till I die, but I can't lie
to you baby.
I don't believe in fairy tales.

I don't believe in fairy tales
I don't believe in happy ever after.
and I will love you till I die, but I
can't lie to you baby.
I don't believe in fairy tales.
